Mystic Item Cards

Set 1

Another great product from Avalon Games, these high quality cards allow a GM to hand out magical items to their players, and still keep things fun.

Often the single one thing that defines a character is what magical items they are carrying. So why just roll up some generic magical item off a lame chart and tell the players what it is they have found. Why not hand the player a full color card, which not only has a wonderful image of the item itself, but a brief description of what it looks like and the materials it is made from. Blank when it comes to just what sort of magic power the item holds, this allows the GM to customize the item as they want and need. Space on each card is provided for players to write down notes on just what the item does, that is when they find out what it can do.

Players will go wild with their new Mystic Item Cards, and so will you. So don't stop here, buy all the sets and collect a wealth of magical power.

Provided with each set is a backing sheet to complete each card and enough cards to create 18 full color items cards.

A heavy broadsword, it is incased in a hard wood and black leather wrapped scabbard set with silver stud pins. The sword is forged with a gold wire pommel and heavy gold hand guard. The guard is formed into the stylized shape of a blacked eyed skull.

Magical Properties:

Magical Properties:

Bracers of Archery

These hard green leather armbands allow one to use a bow with remarkable skill.

Magical Properties:

Sword of Dancing

A small metal scimitar that could fit in the palm of your hand, it is cool to the touch and twitches at times, as if it had a mind of its own. When thrown into the air, it will grow to normal sword length and float in the air before its owner, ready to engage in battle.

Magical Properties:

Eye of Seeing

This small silver amulet is set with a blue gemstone cut to look like an eye. A slim black leather thong holds the amulet around the neck of whoever wears it.

Magical Properties:

Belt of the Stome Giant

A heavy, thick leather belt tooled with mystic designs and set with iron studs.

Magical Properties:

Talisman of Protection

This metal talisman, of a winged serpent, is worn about the neck by means of a heavy, coarse cord. The talisman is heavy and uncomfortable, bulky and ungainly at the best of times.

Magical Properties:

Dagger of Varroom

A small, slim dagger forged without a hilt, the blade is set with two large gemstones, one red and the other blue in color.

Magical Properties:

Magical Pouch

This black leather, hand tooled belt pouch is set with a gold medallion upon the flap and secured with gold studs. A gold clasp holds the flap closed when not in use.

Little, however, does not mean lame. No, these are great gaming gems, just in small bite sized forms. Fun, fast and cheap, they are a great way to get some gaming fun into a short block of time. Have a look, you might be surprised at what you find.

Worlds of Wonder

Worlds of Wonder is a fast, simple to play RPG system designed for use by advanced players who wish to create detailed characters without having to roll on endless charts and deal with endless rules.

After 30+ years of playing, running and designing games, be they RPG's or board games, we at Avalon have come to one conclusion. Its not the game's rules that make it enjoyable, but the people you play with. With that in mind, Worlds of Wonder takes the most important aspect of any RPG, the character creation, and tries to offer players, and their GM, the tools needed to make the time spent playing together well worth the time spent creating the characters.

Worlds of Wonder Expansions

Want more Worlds of Wonder? Try one of the many expansions for the system. More monsters, foes, magic, skill sets and gaming stuff to keep you occupied for weeks, months, hell maybe for a lifetime. Ever expanding, the WoW system is made for gaming fun, so don't wait, have an adventure and enter Worlds of Wonder.

Arcana

Arcana is generic world, designed for use with any Fantasy RPG System, and so the information presented here and in other Arcana expansions will of course be a bit vague as to stats, levels and powers. The intention is to give the GM and players a world rich in personality, history and depth, one where they can seek adventure, but use any RPG system they feel most conferrable with.

The basics of the game world are presented here in the core book, but as expansions are released, the complexity of the world will grow as more and more of its history, dangers and wonders are explored. When it is all said and done, Arcana will become a vast world of detailed and expansive depth, one where that you and your friends can full explore.

Game Geek

Avalon's Monthly game magazine, inside you will find tones of gaming goodness, Free game, add on materials for many of Avalon's titles, and a monthly section dedicated to S&G, Battle Ax and Arcana. Great game stuff each and every month.

S & G Battle System

Avalon's premier game system the S&G battle system allows you to play skirmish level engagements, and do so with a fast, easy to learn system that also allows for endless expansions and genres. With S&G you can fight battles between fantasy based elves and rocs, or blast off into the cold hard future with space marines and aliens.

[illegible]

Battle Axe is a simple to play tabletop system for skirmish level battles. Using cards instead of dice, you will find the game to be less luck based and much more tactical in nature. The rules and cards provide here will be enough to get you started, and new characters and rule expansions are on the way so you can continue to increase both the size and composition of your War Bands.
