# 3-D Counters Heroes, Set 3

Welcome to the more great gaming goodies from Avalon Games. Ever need a fast set of markers for your game, or need to set up a battle for your favorite RPG and found you did not have the money, time or desire to spend tens, hundred or thousands of dollars on plastic, or metal figures. Well we have the solution for you, cheap, but highly detailed paper counters. Each counter represents a different character, creature or monstrous beast that might be encountered in your game.

Used to fight in strategy based miniature battle, or for RPG games, these paper counters will fit the bill.

Combined these paper mini's with Avalon Game's Battle Tiles, and you will get even more bang for you buck, so go have some fun and enjoy.

## Counter Construction:

**Cut out each counter and then fold them together, gluing the two flaps. If you want to use only paper counters, then fold the tag at the bottom of the counter, to a 90-degree angle and use this as the foot of the counter. You may though, wish to invest a bit of money and can buy some plastic "Footing" off line, from various sites that sell board game components and parts.**

### **Worlds of Wonder**

Worlds of Wonder is a fast, simple to play RPG system designed for use by advanced players who wish to create detailed characters without having to roll on endless charts and deal with endless rules.

After 30+ years of playing, running and designing games, be they RPG's or board games, we at Avalon have come to one conclusion. Its not the game's rules that make it enjoyable, but the people you play with. With that in mind, Worlds of Wonder takes the most important aspect of any RPG, the character creation, and tries to offer players, and their GM, the tools needed to make the time spent playing together well worth the time spent creating the characters.

### **Worlds of Wonder Expansions**

Want more Worlds of Wonder? Try one of the many expansions for the system. More monsters, foes, magic, skill sets and gaming stuff to keep you occupied for weeks, months, hell maybe for a lifetime. Ever expanding, the WoW system is made for gaming fun, so don't wait, have an adventure and enter Worlds of Wonder.

### **Arcana**

Arcana is generic world, designed for use with any Fantasy RPG System, and so the information presented here and in other Arcana expansions will of course be a bit vague as to stats, levels and powers. The intention is to give the GM and players a world rich in personality, history and depth, one where they can seek adventure, but use any RPG system they feel most conferrable with.

The basics of the game world are presented here in the core book, but as expansions are released, the complexity of the world will grow as more and more of its history, dangers and wonders are explored. When it is all said and done, Arcana will become a vast world of detailed and expansive depth, one where that you and your friends can full explore.

### **Game Geek**

If you liked this game, try one of Avalon Game's Mini-Games, such as Warriors of the Four Circles, a great addition to the S&G line of skirmish games.

(Click here to visit this product's page at RPGnow)

Dragon stopped along the bamboo trail as the four well armed men stepped out of the brush to either side of the trail. "We will require a toll for you to walk on our trail," Offered the lead bandit, a nasty smile on his face.

"Course a woman as pertly as you might have to pay with more then coins," He smirked to his friends. As the bandit turned his head back towards the Dragon, She lashed out with a mighty kick, knocking his head clean off his shoulders. The other three bandits screamed in fright as the warrior called the Dragon smiled her own grin and moved on them.

This is Warriors of the Four Circles, another from Avalon Games. Taking the S&G skirmish game system and add to it super Kung-Fu masters and martial arts experts and you have a great action game of flying kicks and mighty blows. Warriors of the Four Circles is a great mix of martial art action and elemental magic, all creating the wild world of a mighty battles and high suspense.

The game comes with 18 characters. Full rules on martial arts and various style, battle tiles, counters and more. With two additional expansion and fully compatible with other S&G genre set, this is a wild, great game.

# S & G Battle System

### Weapons and Armor

Weapons	As mod	Damage mod	Notes
Scimitar	-1	+1	-
Dagger	+0	-1	-

### Special Abilities

- 1. Savage Blow (Attack, 3)**  
Grom can make a single savage attack, often killing a foe outright with a single blow of his deadly scimitar. You must declare this ability is being used before Attack Dice are rolled. On a single attack, Grom may add +2 Attack Dice to his total for that attack. (With no limit to the number of dice that can be rolled)
- 2. Command (Move, 2)**  
Grom may use his loud demanding bellows to command other orcs near by. When this ability is used, Grom may activate any one orc character, who is within five squares. This activated character may perform one action. (Note that the character may still take their normal actions when their turn comes up.) Gram may perform this ability but once a turn.
- 3. Shatter Shield (Attack, 1)**  
Grom often shatters shields and weapons with his mighty blows. Declare this ability before the Attack Dice are rolled. If Grom scores a hit, instead of doing any damage, he may shatter, and thus destroy, a foe's readied weapon or shield (Your choice.) If the foe does not have a readied weapon or shield, then this ability has no effect.  
Magical items gain a save. Roll 1D6, and on a roll of 6+, the item resists the effect. Per five points of the item's cost, over the first five points, adds an extra +1 to the die roll is gained.

Battle Axe is a simple to play tabletop system for skirmish level battles. Using cards instead of dice, you will find the game to be less luck based and much more tactical in nature. The rules and cards provide here will be enough to get you started, and new characters and rule expansions are on the way so you can continue to increase both the size and composition of your War Bands.
