GOBLIN

The goblin is a cunning, vile warrior, able to rip and claw with its bare teeth if needed, but fully capable of forging, as well as any dwarven smith, nasty weapons that can cut and crush. They are war like, hungry for flesh of all types, and willing to engage in evil acts with a willing pleasure.

While smaller then the rest of the goblinoid races, the goblin is the true master of all, for they can plan, organize and see to it that great tasks are completed. They are the rulers of the rest of their kind and dominate all they come upon. The goblin see themselves as the chosen race, the most loved of their God and they actively seek to see their master's will done at all times.

Goblins live for war and many make it their goal to bring as many foes to death as they can before they themselves are brought down. Goblins will brag about the number of foes they have slain, and live to hear tells of terrible deaths, especially with lots of gory details.

Have a look, you might be surprised at what you find.

Worlds of Wonder

Worlds of Wonder is a fast, simple to play RPG system designed for use by advanced players who wish to create detailed characters without having to roll on endless charts and deal with endless rules.

After 30+ years of playing, running and designing games, be they RPG's or board games, we at Avalon have come to one conclusion. Its not the game's rules that make it enjoyable, but the people you play with. With that in mind, Worlds of Wonder takes the most important aspect of any RPG, the character creation, and tries to offer players, and their GM, the tools needed to make the time spent playing together well worth the time spent creating the characters.

Worlds of Wonder Expansions

Want more Worlds of Wonder? Try one of the many expansions for the system. More monsters, foes, magic, skill sets and gaming stuff to keep you occupied for weeks, months, hell maybe for a lifetime. Ever expanding, the WoW system is made for gaming fun, so don't wait, have an adventure and enter Worlds of Wonder.

Arcana

Arcana is generic world, designed for use with any Fantasy RPG System, and so the information presented here and in other Arcana expansions will of course be a bit vague as to stats, levels and powers. The intention is to give the GM and players a world rich in personality, history and depth, one where they can seek adventure, but use any RPG system they feel most conferrable with.

The basics of the game world are presented here in the core book, but as expansions are released, the complexity of the world will grow as more and more of its history, dangers and wonders are explored. When it is all said and done, Arcana will become a vast world of detailed and expansive depth, one where that you and your friends can full explore.

Game Geek

Avalon's Monthly game magazine, inside you will find tones of gaming goodness, Free game, add on materials for many of Avalon's titles, and a monthly section dedicated to S&G, Battle Ax and Arcana. Great game stuff each and every month.

Special Abilities

- Savage Blow (Attack, 3)**
Grom can make a single savage attack, often killing a foe outright with a single blow of his deadly scimitar. You must declare this ability is being used before Attack Dice are rolled. On a single attack, Grom may add +2 Attack Dice to his total for that attack. (With no limit to the number of dice that can be rolled)
- Command (Move, 2)**
Grom may use his loud demanding bellows to command other orcs near by. When this ability is used, Grom may activate any one orc character, who is within five squares. This activated character may perform one action. (Note that the character may still take their normal actions when their turn comes up.) Gram may perform this ability but once a turn.
- Shatter Shield (Attack, 1)**
Grom often shatters shields and weapons with his mighty blows. Declare this ability before the Attack Dice are rolled. If Grom scores a hit, instead of doing any damage, he may shatter, and thus destroy, a foe's readied weapon or shield (Your choice.) If the foe does not have a readied weapon or shield, then this ability has no effect.
Magical items gain a save. Roll 1D6, and on a roll of 6+, the item resists the effect. Per five points of the item's cost, over the first five points, adds an extra +1 to the die roll is gained.

Battle Axe is a simple to play tabletop system for skirmish level battles. Using cards instead of dice, you will find the game to be less luck based and much more tactical in nature. The rules and cards provide here will be enough to get you started, and new characters and rule expansions are on the way so you can continue to increase both the size and composition of your War Bands.
