Ithengar and the Mountains of Mist

The realm of Ithengar is old and its folk hard working, but also wary of war and strife. Civil wars, goblin raids and struggles with the brown dwarfs of the mountains have left the land ravages at times and the population struggling on more than one occasion to put food to mouth. Still the valley is a plentiful place, with rolling fields of wheat, oats and goats roam the hills. Iron, silver and gold lay in the Yarbon hills and the dwarfs of the mountains hold great wealth in their own mines.
