Bridda Demon Slayer

By

Robert Hemminger

Bridda is a fine NPC to drop into just about any game, she is sure to bring a whole bunch of fun and excitement, so don't hold back in using her and her story to spice up your game.

Background

Bridda is a young woman out of the barbaric lands (Just where is up to you and your game world). A true warrior woman and a skilled hunter, she found a life as a wife and mother in some barbaric village not to be what she dreamed of. No the young girl wanted a life of adventure, excitement and glory. Taking her father's sword, she thus set out on her name day, a woman in her village's eyes, and more then ready to take care of herself in the wide world.

Bridda's life was full of excitement as she made her way toward the civilized lands, orc raiders tried to capture her, but she sent them running for their lives instead. A troll tried to eat her, but her sharp wits and strong sword arm sealed the beast's doom. Nope she was already gaining skill and confidence in her abilities to meet any foe in battles of either brawn or wit.

That is until she came upon a lost cairn, a crypt of some old wizard or priest long dead. Seeking a place to rest and to get out of the cold rain, she entered and set about starting a cook

fire. While her superstitious mind made up odd sounds and ghosts leaped at her from the shadows of her fire, she would not give into her imagination and fell to sleep. Her dreams though were another story, for they were invaded by the spirit of the crypt's long dead lord, a ghost of power and evil will. Taking the young maid's spirit, she found her soul chained to the abyss, a doorway now used by the dammed to re-enter the world of the living. Coming awake at the last moment, she watched as a spirit of evil formed from a fog which poured out of her mind. As she stood in terror, the spirit took physical form for now a demon stood tall, ready to rip and feast upon the maid before it.

Taking her sword, Bridda battled the terrible beast, the night long and hard as the two struggled. Normally Bridda would have fallen to the demon thing, for she had no magic weapon to harm the thing nor armor to ward off its attacks. To her surprise though, the chains which tied her soul to the abyss also gave her magical might to harm things of hell. With each strike of her sword she watched the demon bleed, and this alone saved her life that night.

Worlds of Wonder

Worlds of Wonder is a fast, simple to play RPG system designed for use by advanced players who wish to create detailed characters without having to roll on endless charts and deal with endless rules.

After 30+ years of playing, running and designing games, be they RPG's or board games, we at Avalon have come to one conclusion. Its not the game's rules that make it enjoyable, but the people you play with. With that in mind, Worlds of Wonder takes the most important aspect of any RPG, the character creation, and tries to offer players, and their GM, the tools needed to make the time spent playing together well worth the time spent creating the characters.

Worlds of Wonder Expansions

Want more Worlds of Wonder? Try one of the many expansions for the system. More monsters, foes, magic, skill sets and gaming stuff to keep you occupied for weeks, months, hell maybe for a lifetime. Ever expanding, the WoW system is made for gaming fun, so don't wait, have an adventure and enter Worlds of Wonder.

Arcana

Arcana is generic world, designed for use with any Fantasy RPG System, and so the information presented here and in other Arcana expansions will of course be a bit vague as to stats, levels and powers. The intention is to give the GM and players a world rich in personality, history and depth, one where they can seek adventure, but use any RPG system they feel most conferrable with.

The basics of the game world are presented here in the core book, but as expansions are released, the complexity of the world will grow as more and more of its history, dangers and wonders are explored. When it is all said and done, Arcana will become a vast world of detailed and expansive depth, one where that you and your friends can full explore.

Game Geek

Special Abilities

- Savage Blow (Attack, 3)**
Grom can make a single savage attack, often killing a foe outright with a single blow of his deadly scimitar. You must declare this ability is being used before Attack Dice are rolled. On a single attack, Grom may add +2 Attack Dice to his total for that attack. (With no limit to the number of dice that can be rolled)
- Command (Move, 2)**
Grom may use his loud demanding bellows to command other orcs near by. When this ability is used, Grom may activate any one orc character, who is within five squares. This activated character may perform one action. (Note that the character may still take their normal actions when their turn comes up.) Gram may perform this ability but once a turn.
- Shatter Shield (Attack, 1)**
Grom often shatters shields and weapons with his mighty blows. Declare this ability before the Attack Dice are rolled. If Grom scores a hit, instead of doing any damage, he may shatter, and thus destroy, a foe's readied weapon or shield (Your choice.) If the foe does not have a readied weapon or shield, then this ability has no effect.
Magical items gain a save. Roll 1D6, and on a roll of 6+, the item resists the effect. Per five points of the item's cost, over the first five points, adds an extra +1 to the die roll is gained.

Battle Axe is a simple to play tabletop system for skirmish level battles. Using cards instead of dice, you will find the game to be less luck based and much more tactical in nature. The rules and cards provide here will be enough to get you started, and new characters and rule expansions are on the way so you can continue to increase both the size and composition of your War Bands.

The world is about to fall into turmoil, the likes of which it has never faced before. The Magus, Mordicain, is dead, found in his tower with a dagger thrust deep into his chest. The Magus is dead and he has left no heir to the title. The ten Magi now stand alone, none ready or powerful enough to challenge their brethren for the title and the power that comes with it. So now the realms of the world ready themselves for the wars to come, the chaos to flow and the blood to spill.

Welcome to Arcana, a new RPG world where players will take on the roles of a hero, king or in some cases, even one of the ten mighty Magi. These heroes and lords then will live and have adventures in the world of Tifnarra, become involved in grand adventures, intrigue and danger, or for others, the fate of their kingdom lies in their hands. Some few may even take on the role of one of the great Magi, vastly powerful mages, who through tradition and might have ruled the world since the dawn of time.
