Black Bolt, along with the other members of the All Star Squad, sprang into action as the giant robot stomped down the street, causing havoc and mayhem as it moved towards its goal, the first city bank. “We got to stop this thing before it causes too much trouble,” call Liberty Lass. With a zap, Black Bolt flew into the giant robot, hoping he could overload its circuits and end the fight before it started.

This is Heroes Inc. another great addition to Avalon Game’s line of S&G products. Taking the S&G skirmish game system and adding a super hero twist, we have come up with a great comic book hero game. Take your heroes and battle their greatest foes for control of the city. See if you can match the villainous cunning of an arch-fiend, or the super strength charge of some alien menace.

**Note that this is not a complete game, and requires that you have a copy of the master rules, available with the first set in this series.**

### **Worlds of Wonder**

Worlds of Wonder is a fast, simple to play RPG system designed for use by advanced players who wish to create detailed characters without having to roll on endless charts and deal with endless rules.

After 30+ years of playing, running and designing games, be they RPG's or board games, we at Avalon have come to one conclusion. Its not the game's rules that make it enjoyable, but the people you play with. With that in mind, Worlds of Wonder takes the most important aspect of any RPG, the character creation, and tries to offer players, and their GM, the tools needed to make the time spent playing together well worth the time spent creating the characters.

### **Worlds of Wonder Expansions**

Want more Worlds of Wonder? Try one of the many expansions for the system. More monsters, foes, magic, skill sets and gaming stuff to keep you occupied for weeks, months, hell maybe for a lifetime. Ever expanding, the WoW system is made for gaming fun, so don't wait, have an adventure and enter Worlds of Wonder.

### **Arcana**

Arcana is generic world, designed for use with any Fantasy RPG System, and so the information presented here and in other Arcana expansions will of course be a bit vague as to stats, levels and powers. The intention is to give the GM and players a world rich in personality, history and depth, one where they can seek adventure, but use any RPG system they feel most conferrable with.

The basics of the game world are presented here in the core book, but as expansions are released, the complexity of the world will grow as more and more of its history, dangers and wonders are explored. When it is all said and done, Arcana will become a vast world of detailed and expansive depth, one where that you and your friends can full explore.

### **Game Geek**

Jord watched as the elf peered around the corner into the dark chamber before them. The dwarf warrior did not like the smell that was coming out of the dark room, it reminded him too much like his wife's cooking. By the Gods the woman could burn toast he thought, hell that was why he was always seeking out these dark dungeons, any excuse to eat something other than her gruel.

The elf signaled that the way was not guarded by a trap, and so the dwarf and the small human sorceress took up a position near the entrance while the burly human warrior and the elf entered. As soon as the two stepped into the chamber the whole place lit up with a bright light and the laughter of the necromancer that waited within. Damn Jord cursed as he watched the hoard of skeletons rush him and his companions. Maybe he should have stayed home today and eaten the roast his wife was burning.

This is Dark Dungeon, Another great Mini-Game presented by Avalon Games. Hire mercenaries and adventurers and then send them out to explore the many dungeons and adventurous locations about the great city of Mordenhelm. See if you can outlast, out fight and outsmart the many monsters, tarps and dangers that wait for you in the Dark Dungeons of this city.

Dark Dungeon is a sole game, using a fast, fun system of encounters and adventurous situations. See if you can meet the challenge and return with the glory you deserve.

Weapons	As mod	Damage mod	Notes
Scimitar	-1	+1	-
Dagger	+0	-1	-

### Special Abilities

- Savage Blow (Attack, 3)**  
Grom can make a single savage attack, often killing a foe outright with a single blow of his deadly scimitar. You must declare this ability is being used before Attack Dice are rolled. On a single attack, Grom may add +2 Attack Dice to his total for that attack. (With no limit to the number of dice that can be rolled)
- Command (Move, 2)**  
Grom may use his loud demanding bellows to command other orcs near by. When this ability is used, Grom may activate any one orc character, who is within five squares. This activated character may perform one action. (Note that the character may still take their normal actions when their turn comes up.) Gram may perform this ability but once a turn.
- Shatter Shield (Attack, 1)**  
Grom often shatters shields and weapons with his mighty blows. Declare this ability before the Attack Dice are rolled. If Grom scores a hit, instead of doing any damage, he may shatter, and thus destroy, a foe's readied weapon or shield (Your choice.) If the foe does not have a readied weapon or shield, then this ability has no effect.  
Magical items gain a save. Roll 1D6, and on a roll of 6+, the item resists the effect. Per five points of the item's cost, over the first five points, adds an extra +1 to the die roll is gained.

Battle Axe is a simple to play tabletop system for skirmish level battles. Using cards instead of dice, you will find the game to be less luck based and much more tactical in nature. The rules and cards provide here will be enough to get you started, and new characters and rule expansions are on the way so you can continue to increase both the size and composition of your War Bands.
