## Introduction

6-Pack adventures is a new venture for Postmortem Studios into the field of adventure support and writing, 6-Packs will turn up for various different open systems but they all share the same design goal, to create an adventure that can be picked up and played in an evening with everything already done for you. A sort of 'takeaway' convenient, short adventure that you can slot into your regular gaming space, run as a demo or at a con without any real preparation.

## 6-Pack Adventures

6-Pack Adventures are 'pick-up and play' adventures. They have pregenerated characters, battle-mats, tokens, all that just need to be printed out or, in the case of the print version - have the cover taken off to use as the mat and the tokens cut out.

Longevity is added by including reusable monster stats, a nice battle-map that you can use again if you want, tokens and the possibility of spinning your own adventures off the material present in the book.

This is a first outing for 6-Pack and, as such, feedback and suggestions are greatly appreciated and you can contact me at the address below.

## Postmortem Studios

Postmortem Studios is the personal publishing imprint of James 'Grim' Desborough, Origins Award winning author of *The Munchkin's Guide to Powergaming*.

Postmortem Studios publishes primarily in PDF format through the usual PDF outlets such as [www.rpgnow.com](http://www.rpgnow.com), but is also available in print either via the sites or through [www.leisuregames.co.uk](http://www.leisuregames.co.uk). Postmortem Studios is a full time enterprise and is always looking for assistance from freelance artists, editors and writers.

You can contact Postmortem studios at:  
[grim@postmort.demon.co.uk](mailto:grim@postmort.demon.co.uk)

Or via our website at: [www.postmort.demon.co.uk](http://www.postmort.demon.co.uk)

Most of our books are available in print at Lulu.

## Piracy Notice

The odds are fairly high that some of you are reading this on a downloaded PDF copy taken from a file sharing network. I don't necessarily have a problem with that myself since evidence pertaining to my company tends to show that this acts more like free advertising than a cut into my funds.

However...

The role-playing game industry is not huge, not rich – with only a couple of exceptions – and can ill afford your piracy, unlike many software companies. I am a one man show, not a large company by any stretch of the imagination and I am attempting to build a business from the ground up. I need every penny. If you have downloaded this book illegally, and you like it, please consider purchasing some of my other products. That's all I ask.
